

## Early detection of health problems can save your life.

Beside leading a healthy lifestyle, regular check-ups are the best way to ensure prevention and early detection of serious diseases.

### Why visit the Vienna Private Hospital for a preventive medical check-up?

The Vienna Private Hospital offers check-up packages that are tailored to your living conditions with a high level of competence and intention that patients are feeling comfortable while receiving best service. All preventive check-ups are carried out by utilizing the latest medical equipment under the direction of renowned medical specialists. You can go through the examination program either on an outpatient or inpatient basis in an elegant and comfortable atmosphere.

Our clinic is always at your disposal for specific diagnostic examinations and consultations with highly qualified physicians, especially if you want to get a competent second opinion before a surgery or a therapy.

We would be pleased to make an individual offer for you. For further information, please contact our International Department on [info@wpk.at](mailto:info@wpk.at).

We are looking forward to welcome you in our private clinic in the heart of Vienna!

Yours sincerely,

Dr. Walter Ebm  
CEO Wiener Privatlinik Holding AG
